Recommendation Rec(2001)19 of the Committee of Ministers to member states on the participation of citizens in local public life

"Accord major importance to communication between public authorities and citizens and encourage local leaders to ***give emphasis to citizens' participation*** *and careful consideration to their demands and expectations, so as to* ***provide*** *an appropriate* ***response to the needs which they express****.*

Adopt a ***comprehensive approach to*** *the issue of* ***citizens' participation****, having regard both to the machinery of* ***representative democracy*** *and to the* ***forms of direct participation*** *in the decision-making process and the management of local affairs."*

Web Science (Tim Berners.Lee et al., 2008)

Today's interactive [web] applications are very early social machines.

[..] technology [is] needed to allow user communities

to construct, share, and adapt social machines so successful

models evolve through trial, use, and refinement
